Ionuț-Claudiu Leonte

Junior Frontend Developer

About me

"I am a proactive and dedicated individual with a passion for web development. Recently, I completed the accredited 'Junior Frontend Web Development' course at IT School, which has equipped me with the necessary skills to build responsive and user-friendly websites. I am constantly learning and exploring new technologies to enhance my knowledge and stay up-to-date with the latest industry trends.

At the moment, I work remotely as a Junior Frontend Developer. My goal is to continuously develop and create innovative web solutions. With a strong work ethic, attention to detail, and passion for web development, I am confident in my ability to contribute positively to any team and help achieve their goals. I am actively seeking opportunities to further enhance my skills and stay up-to-date with industry advancements."

[Short interview from "IT School" about my progress during the course and the job](#)
